

go!

go! imagine. go! design. go! collaborate.

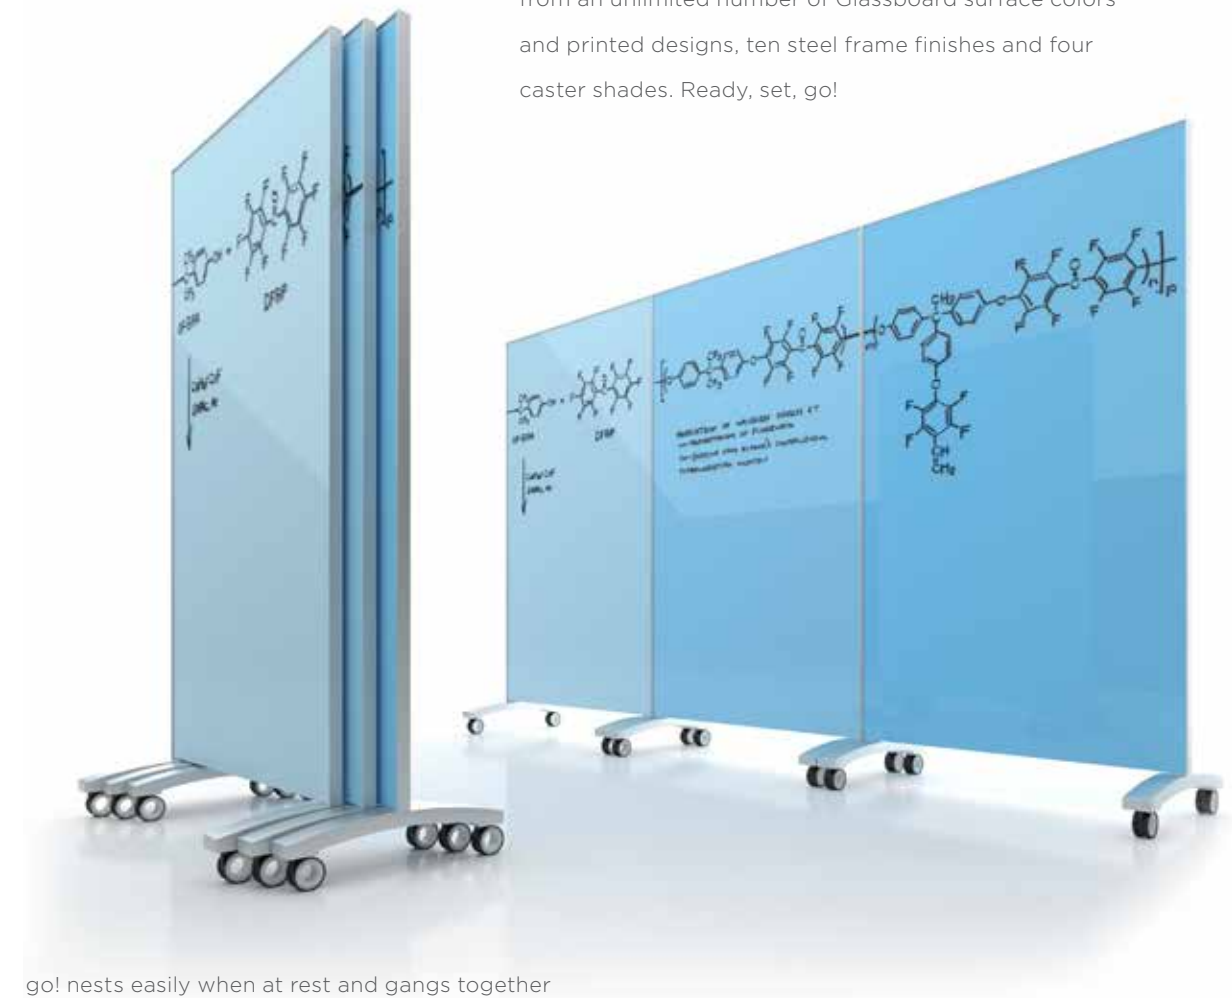

Meet go!, the most design friendly collaborative board ever.
go! allows you the freedom to creatively express, design and inspire your own way. Create an original statement with go!... as imaginative as you.

Let's go!

go! combines the Clarus commitment to glass excellence with rigid steel construction resulting in a forward thinking architectural solution.

Personalize your go! with a splash of color by selecting from an unlimited number of Glassboard surface colors and printed designs, ten steel frame finishes and four caster shades. Ready, set, go!

go! nests easily when at rest and gangs together when at play to create scalability for large writing and privacy areas.

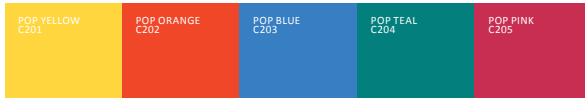

1 Ready - Select your frame finish

2 Set - Choose your glass color
