Brigholme Business Furnishings changes name to Brigholme Interiors Group

MARKHAM, Ontario – Brigholme Business Furnishings has changed its name to Brigholme Interiors Group, a division of Brigholme Inc.

The new name is a reflection of Brigholme's enhanced capabilities and focus on sustainable Interior Architectural Solutions via Constructive Solutions™ from SMED International, a Haworth Inc. company. Constructive Solutions™ offers an unparalleled range of workspace solutions including access flooring, movable walls, energy efficient lighting, modular furniture and accessories.

This approach to interior environments offers a cleaner, more environmentally sustainable solution than traditional methods of construction and renovation. Walls, raised access floors, furniture and technology can be easily re-configured, offering the lowest life cycle cost for the environment.

Constructive Solutions™ allows a company to adapt to change and maximize their investment in people, technology and real estate. It allows a company to treat their interiors as an asset, not a liability. This approach adds up because it's easier, faster and more cost effective than conventional construction. This holistic strategy confirms a commitment to become a significant provider of turn key corporate interior products and services.

"Brigholme's evolution reflects the need to adapt to the demands in the marketplace," said Howard MacDonald, President and Chief Executive Officer. "Our proven formula of dedication and attention to people, products and processes will continue to be the cornerstones of our success."

"Brigholme will continue to provide the highest quality service and will continue delivering best-in-class solutions designed to meet the needs of our growing client base. Our new name is indicative of this commitment."

About Brigholme Interiors Group (www.brigholme.com)

Brigholme Interiors Group, a Haworth Preferred dealership, was established in 1961 and has grown to become one of the largest corporate contract interiors dealerships in North America. It manages the national corporate interior requirements of many of Canada's largest corporations.
